

Canadian Society for Civil Engineering (CSCE)'s Engineering Mechanics and Materials (EMM) Division presents
Panel Session: Transitioning from Graduate Studies to Securing Faculty Positions

Chair, EMM Division
Dr. M. Shahria Alam

Professor, Tier-1 Principal's Research Chair in Resilient & Green Infrastructure, Director, Green Construction Research & Training Center, The University of British Columbia, Okanagan

Moderators

Dr. Anas Issa
Research Engineer, Green Construction Research & Training Center, The University of British Columbia, Okanagan

Ms. Lisa Tobber
PhD Candidate
The University of British Columbia, Vancouver

Dr. Menachem Elimelech

Sterling Professor
Department of Chemical and Environmental Engineering
 Yale University

Dr. Jack Baker

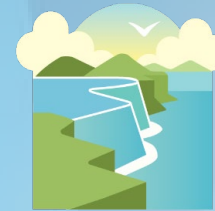

Professor
Department of Civil and Environmental Engineering
 Stanford University

Dr. Susan Tighe

Provost and Vice-President Academic
Department of Civil Engineering

VIRTUAL CONFERENCE 2021

INSPIRED BY NATURE
INSPIRÉ PAR LA NATURE

Canadian Society for Civil Engineering  Société canadienne de génie civil

Dr. Carl Haas

Professor and Department Chair
Civil and Environmental Engineering

Dr. Kerry Rowe

Barrington Batchelor
Distinguished University
Professor and Canada
Research Chair - Tier 1

Dr. Katerina Genikomsou

Assistant Professor
Department of Civil Engineering

Dr. Mina Hoorfar

Professor and Director
School of Engineering
